

March 16, 2020

Dear Wesslen Orthodontics Families,

Due to the COVID-19 virus and widespread closures of schools and businesses, please read the following closely for information on how this affects your treatment in our office:

- * March 16 - March 29, our office will be closed per the guidelines from the California Dental Association. We will continue to see patients on an emergency basis, however all other appointments will be rescheduled.
- * To make up for appointment rescheduling, beginning March 29, we will add additional appointments on our normal business days (Monday - Thursday) as well as extend our schedule to include office hours on Fridays as needed

We understand that this is extremely inconvenient for you as a patient or parent. Thank you for your understanding in these crazy times. Thank you for your patience as we navigate through this together.

If you have any questions or general concerns, please email info@wesslenortho.com or call 559-732-5658.

Sincerely,
Todd Wesslen & Staff
Wesslen Orthodontics
